Curran Press Conference
June 4, 1947

We Are Ready To Go

There were some 150 people present at the Curran Press Conference on June 4, 1947. The speaker, Mr. Curran, said that the British Government was ready to leave India and that the Indian people were now free to decide their own future. He said that the British Government was not interested in the future of India and that it was time for the Indian people to take control of their own destiny. He said that the British Government was not interested in the future of India and that it was time for the Indian people to take control of their own destiny.
